

Converter Box Series Hardware Specification	
Model	SDI2FIBER Rx
Product Photo	GTTV6010 
Description	Convert optical signal into 3G/HD-SDI from long distance transmission. Used paired with SDI2FIBER Tx.
Feature	● Support up to 3G-SDI output (should match SDI mode of SDI2FIBER Tx) ● Auto source format detection (3G/HD/SD) ● LED status indicator
Input	LC type connector for Single-Mode optical fiber cable
Output	SDI x 1
SDI Format	3G-SDI HD-SDI SD-SDI
Supported Audio Format	Up to 8 channels, 24bit, 48KHz
Plug & Play	✓
DC In	6V ~ 15V
